

NEW: "HIGH EFFICIENCY PLUS" FRYING RANGES FROM FLORIGO.

HE PLUS

Ultra High Performance: 15-20 lbs raw chips per batch; more capacity with fewer pans.

Gastec Quality
Approved

No heat exchangers or burner tubes inside the pan meaning:

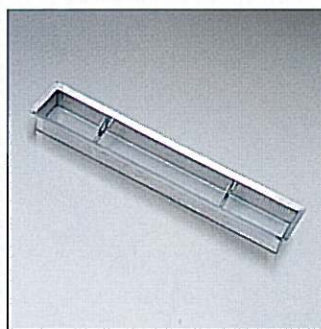

- Suitable for 'free' frying large volumes of fish and chips.
- Easy cleaning; saves on staff time
- Promotes cleaner, longer lasting frying medium.
- Deep cool zone with easy to remove crumb filter.
- Product quality kept consistent.
- Frying medium life extended.
- Suitable for solid frying mediums. No pre melting required.

HE-Plus basketpan, sized to fit 2 or 3 baskets.

Also suitable for 'free' frying (without baskets).

Easy removable large open crumb filter in coolzone.

Electronic and computer controls.

Florigo Frying Ranges are hand built by craftsmen and can be designed to fit all shops. The material and components are rigorously tested and meet the highest of European and International standards.
